

# Australia's first Marketplace supporting women

Launching August 2020

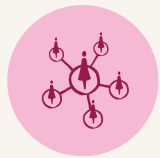

Global Sisters exists to make business possible for all women by providing the support and tools for those who are unemployed, under employed or struggling with their current business.

Global Sisters Marketplace will give women an immediate user friendly, quality digital presence requiring no tech management - all in one place so you can create a revenue stream from your online presence and gain easy access to customers.

## Global Sisters aims to support as many Australian women become financially independent by making business possible

Don't have the money, time or knowledge to create a website or do online marketing?
